KAMALA BAY
TERRACE RESORT

Colony's Kamala Bay Terrace Resort sits on the shores of what has been called Phuket's most beautiful bay, Kamala Bay.

There's extraordinary peace here.

The hills surround us, as if protecting us from the outside world. The deluxe rooms and suites nestle in the gentle rise between the shore and the hillside.

The Andaman Sea presents a wonderful collection of colours, from clear turquoise to deeper, mysterious hues of blue.

Amidst this tranquil beauty discover Colony's Kamala Bay Terrace Resort.

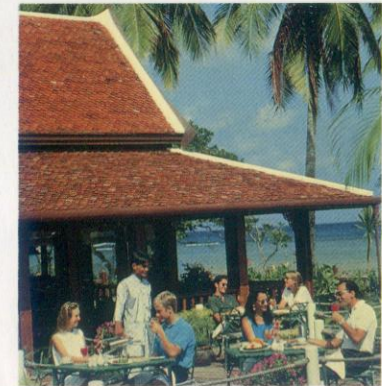

For the sports minded, the Andaman Sea beckons the snorkeller and scuba diver, with an underwater world of corals and fish in unbelievable colours and shapes. Tennis, golf, sailing, fishing and a wide variety of other activities are all nearby.

Historic sites, beautiful temples, and great shopping are close at hand. You can be as lively or as laid-back as you wish.

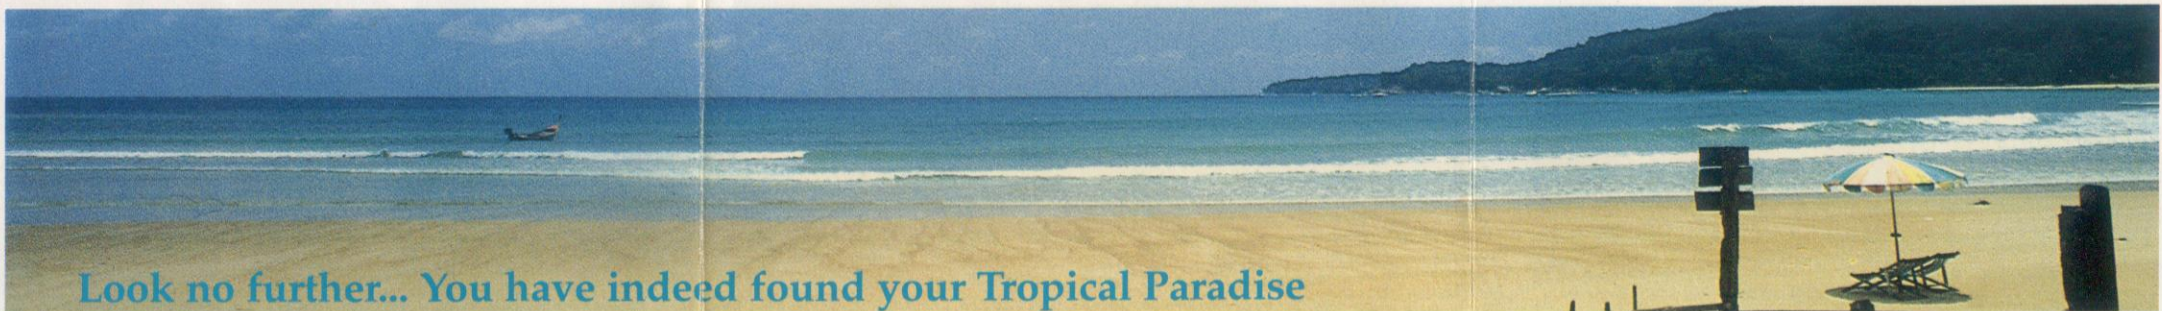

Choose your dining venue from the casual Rim Nam Restaurant by the pool, or the more formal air conditioned Ruan Klang Suan, or Room Service. Fine food, superb service and one of the world's outstanding tropical locations will relax and refresh you.

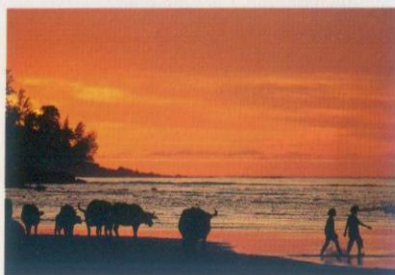

Choose your accommodation from deluxe rooms, the popular Junior Suites, or one of the Panorama Suites -- all offering magnificent views of Kamala Bay and the Andaman Sea.

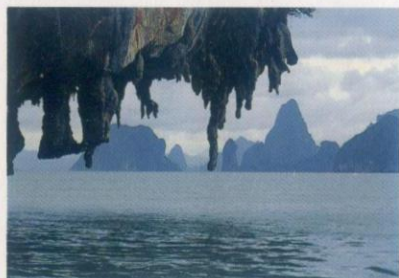

Every room has uninterrupted views of the Andaman Sea, TV with HBO, in-house movies and other satellite broadcasts, mini-bar, in-room safes.
